Due to the uncertain and unpredictable situation with regard to travel and event restrictions caused by the Corona-pandemic, the board of the ITMF together with the two co-hosts, Swiss Textiles and Swiss Textile Machinery, has decided to postpone the ITMF annual conference in Davos, Switzerland from September 26-28, 2021 to April 10-12, 2022.

ITMF is an international forum for the world's textile and related industries founded in 1904. ITMF members are associations and companies covering the entire textile value chain – producers of fibres, textile machinery, chemicals, textiles, apparel, and home textiles. The membership is from more than 40 countries representing around 90 per cent of global production.
